D A G D
1) You can see him down in the meadow, he's long and he's tall,
D A G D
And the way he eats and eats and eats, well he's going to get it all!

D A G D
Chorus: Manfred the mopey moose, he's movin' oh so slow,
D A G D
Feedin' down by the riverside, Where them tasty willows grow.

2) You know what I mean, he's an eatin' machine
He can really pack it away,
With his antlers wide as his legs are long
Nothing gets in his way.
(Chorus)

3) He's got a nose as big as a suitcase,
You know it helps him find his dinner,
His eyesights bad as it can be
It's a wonder he ain't thinner!
(Chorus)

4) With his laid back ways and his loppy grin
He's as friendly as can be,
But then sometimes he'll get so crabby
He might chase you up a tree!
(Chorus)

5) There he goes right now,
Big knobby knees in the air,
Splashing through the water,
He don't need no boots to wear!
(Final Chorus)
